The Washington Military Department, Emergency Management Division (EMD) State Emergency Operations Center (SEOC) Logistics Section provides logistical, planning, and training support to Washington State, county, Tribal, and municipal emergency management agencies. Activities address resource needs analysis, evaluation, planning for future needs requirements, procurement, distribution, and other coordination of resources. Resources may include emergency relief supplies, facilities, equipment, telecommunications, contracting assistance, transportation services, maintenance, and personnel.

The Logistics Section oversees Mutual Aid for the State which includes the Emergency Management Assistance Compact (EMAC) and the Pacific Northwest Emergency Management Arrangement (PNEMA). The State Logistics Section also provides program support to members of the Washington Intrastate Mutual Aid System (WAMAS) through training, process support, and general system guidance.

The Logistics Section conducts feeding operations during activations for SEOC staff, completes travel arrangements for deploying personnel, coordinates communications and
information technology assistance, facilities management, site selection, and all internal resource needs for the SEOC or assigned Joint Field Office (JFO) staff.

The Logistics Section goal is to have all personnel working in the Logistics Section complete the same levels of training. All personnel staffing Logistic Section positions in the SEOC are required to have baseline knowledge of the Incident Command System (ICS), and mutual aid supported by the section.

**Logistics Section minimum training requirements:**

Personnel staffing Logistics positions within the SEOC should have functional knowledge of WebEOC software, the procedures, processes, and duty positions responsibilities outlined within this SOP. Personnel from state agencies and local jurisdictions planning on staffing positions within the SEOC Logistics Section should attend the monthly SEOC training day on a regular basis to gain familiarity and experience with SEOC processes and procedures.

Staffing of the SEOC Logistics Section is based on the size and scope of the activation. The Logistic Section Chief will make the determination with input from the Disaster Manager. When the Logistics Section Chief determines the staffing levels, the schedule is set, and personnel notified prior to posting in an effort to avoid scheduling conflicts. Any change to positions staffed is validated by the LSC on duty.

Shifts for the Logistics section are from 0700-1900 (Day shift), and 1900-0700 (Night Shift). Personnel are required to arrive prior to the start of their shift to receive a change of shift briefing.
II. Section Position Roles and Responsibilities

A. Logistics Section Chief (LSC) and Deputy Logistics Section Chief (DLSC)

The Logistics Section Chief (LSC) and Deputy Logistics Section Chief (DLSC) equally share the responsibilities of overseeing the coordination of resource requests as assigned by the Operations Section. The chief(s) support state agencies, cities, counties, towns, special purpose districts and tribal governments with state, commercial, mutual aid, or federal resources during the response and recovery of any incident to support the people, the environment, the economy, and the protection of property of Washington State. The LSC / DLSC also oversee service and support for State Emergency Operations Center (SEOC) personnel, as well as the coordination of travel and lodging for SEOC staff as requested and approved.

Reports To: SEOC Supervisor and Disaster Manager.

✔ Tasks & Responsibilities

• Provides adequate follow up to ensure all resource requests made by the following methods are accurately and timely fulfilled: approved private sector procurement processes, interstate/international mutual aid, or federal assistance.

• Ensures support for SEOC and Joint Field Office (JFO) (as applicable) facilities, transportation, communications, supplies, equipment (including maintenance and fuel), food, and travel arrangements as requested and approved (approval routing indicated on approval forms).

• Ensures appropriate approval forms (approval routing indicated on approval forms) are complete and on file for all purchases, purchase card use, travel, meals, and light refreshments.

• Organize and staff the Logistics Section effectively to meet the incident needs while ensuring manageable span of control and adequate supervision.

• Anticipate future local, Tribal, and state agency resource needs through coordination with Operations Section.

• Estimate future SEOC service and support requirements.

• Provide logistical input into the Incident Action Plan (IAP).
• Participate in operational planning process and meetings.
• Provide input for the Communications and Medical Plans as required for the IAP.
• Brief IAP to Logistics Section.
• Establish and maintain the Logistics Section staffing pattern, with date range designated by the SEOC Supervisor, and provide to the Planning Section SEOC Staffing Unit.
• Provide for the safety and welfare of assigned Logistics Section personnel during the entire period of supervision. Recognize potentially hazardous situations and ensure precautions are taken.
• Ensure Americans with Disabilities Act (ADA) requirements are being met.
• Maintain list of issues and possible solutions or lessons learned throughout the incident for After Action Report and follow up.
• Maintain Resource Tracker for assigned resource requests for each action taken under a resource request, Activity Log, and Significant Events Log in WebEOC.

Products

The Logistics Section Chief is responsible for the timely and accurate completion and filing (electronic and hard copy) of:

❑ Travel Authorizations for SEOC personnel.
❑ Purchase requests on SEOC Activation A-19 approvals for meals, light refreshments, and miscellaneous supply purchases.
❑ Vendor lists for resource reference and acquisition, located at S:\Logistics Section\Resources.
❑ Request for Assistance Excel Workbooks related to the Emergency Management Assistance Compact (EMAC) and the Pacific Northwest Emergency Management Arrangement (PNEMA).
  • Mission Ready Packages are in Excel.
  • PNEMA is in Excel.
  • EMAC uses the EMAC Operations System (EOS) and Excel.
❑ Situational Report Input to the Planning Section.
❑ ICS Forms
• **Form 204** – *Assignment List*: Resources from the SEOC that belong to the Logistics’ Section deployed in the field.

• **Form 214a** – *Individual Log*: Summarize your daily activities on the ICS 214a. Submit to the Planning Section Chief and the Documentation Unit at the end of each Operational Period.
  - The WebEOC Activity Log is a current substitute for the 214a.

• **Form 218** – *Support Vehicle/Equipment Inventory*: Any vehicle or vehicle related equipment acquired for response use (i.e. motor pool) in the field.

• **Other** – *Forms as required* by LSC, SEOC Supervisor, or Disaster Manager.

### Meetings

All impromptu meetings as called by the SEOC Supervisor or Disaster Manager (listed on ICS form 230): Relay pertinent information to the Logistics Section.

- **Operations Briefing**: Obtain current situational awareness, report back to the Logistics Section, and document any pertinent information in the Logistics Activity Log.

- **Objectives Meeting**: Update incident objectives, Standing Principles, and Operational Period Command emphasis.

- **Unified Coordination Group**: As invited, to develop, review, and revise incident objective and priorities for the next Operational Period, and document any pertinent information in the Logistics Activity Log.

- **Command and General Staff**: Review approved incident objectives, share important information, report back to the Logistics Section, and document any pertinent information in the Logistics Activity Log.

- **Local Jurisdiction and Tribal Conference Call**: Review local needs, gain situational awareness, report back to the Logistics Section, and document any pertinent information in the Logistics Activity Log.

- **SEOC Update Briefing**: Present updated Logistics incident information.

- **Operation Tactics Meeting**: Review and finalize all incident related Form 204 assignment lists.

- **Planning Meeting**: Approve the IAP for the next Operational Period.
B. External Resource Branch Director (ERBD)

Coordinates all activities for the External Resource Branch, which includes all mutual aid requests, federal requests, procurement or contracting of resources and the tracking of all resources provided.

✔ Tasks & Responsibilities

Coordinate activities of External Resource Branch units and performs functions of any unit not staffed.

- Maintain Activity Log in WebEOC.

Supervises:

1. Mutual Aid Unit Leader (MAUL)

Coordinates interstate, and international mutual aid for emergency resources using the Emergency Management Assistance Compact (EMAC), and the Pacific Northwest Emergency Management Arrangement (PNEMA).

✔ Tasks & Responsibilities

- Conducts mutual aid requests when A-Teams are not assigned.
- Coordinates REQ-As for provided mutual aid & tracks all funding related to the same.
- When using the EMAC Operations System (EOS) for EMAC, will update, monitor, and maintain awareness.
- Provides a list of issues and possible solutions or lessons learned throughout the event to the LSC for the Section’s after action report.

2. Federal Assistance Unit Leader (FAUL)

Coordinates all requests for federal assistance.

✔ Tasks & Responsibilities

- Complete Resource Request Forms (RRFs) for requested federal assistance.
- Tracks and provides updates on federal assistance.
- Provides a list of issues and possible solutions or lessons learned throughout the event to the LSC for the sections after action report.

3. Procurement Unit Leader (PUL)

Coordinates all commercial procurements for emergency supplies.
Tasks & Responsibilities

- Contracts or coordinates purchases with commercial vendors for emergency resource purchases and leasing.
- Coordinates with Finance & Admin on current contract status and ensure expenditures met all applicable guidance.
- Develops vendor quotes based on guidance from their supervisor.
- Provides a list of issues and possible solutions or lessons learned throughout the event to the LSC for the Section’s after action report.

4. Resource Tracking Unit Leader (RTUL)
Maintains accountability and follow-up for all resource requests assigned from operations.

Tasks & Responsibilities

- Provides overall assistance to the Logistics Section to include updating section activity logs, processed resource requests, assists in document production, tracks section tasks and activities and taking calls.
- Coordinate with the other General Staff and ESF positions activated to capture and centralize necessary resource/ location status information.
- Use WebEOC or develop and maintain resource status/location boards in the Logistics Section. Information categories might include the following: actual arrival time of the resource, location of use, and an estimate of how long the resource will be needed.
- Provides a list of issues and possible solutions or lessons learned throughout the event to the LSC for the Section’s after action report.

C. Support Branch Director (SUBD)
Coordinates all support for the internal operations of the SEOC, all assigned staff, and performs functions of any unit not staffed.

Tasks & Responsibilities

- Determine level of service required for SEOC operations and future needs.
- Coordinate activities of Support Branch units.
- Maintain Activity Log in WebEOC
- Provides a list of issues and possible solutions or lessons learned throughout the event to the LSC for the Section’s after action report.
Supervises:

1. Facility Unit Leader (FACL)
   Coordinates the acquisition and/or leasing of all incident facilities.

✓ Tasks & Responsibilities
   - Determine facility requirements; ensure that adequate essential facilities are provided for the response effort, including securing access to the facilities and providing staff, furniture, supplies, and materials necessary to configure the facilities in a manner adequate to accomplish the mission.
   - Secure facility use through appropriate means.
   - Inspect facilities prior to occupation and ensure all structures are safe for occupancy and that they comply with ADA requirements.
   - Determine facility layout and notify personnel of facility layout.
   - Provide facility maintenance services (i.e., sanitation, lighting, garbage/recycling, and cleaning).
   - Demobilize facilities and restore to pre-incident condition.
   - Maintain Activity Log in WebEOC.
   - Develop and maintain a status board or other reference which depicts the location of each facility; a general description of furnishings, supplies and equipment at the site; hours of operation, and the name and phone number of the Facility Manager.
   - Provides a list of issues and possible solutions or lessons learned throughout the event to the LSC for the Section’s after action report.

2. Supply Unit Leader (SUPL)
   Plans for potential resource needs for internal SEOC operations and maintains accountability of assigned equipment or property issued to staff.

✓ Tasks & Responsibilities
   - Determine the type and amount of supplies needed.
   - Maintain and track Military Department expenditure log for all SEOC-related expenditures.
   - Coordinate contracts, and orders with the Finance/Administration Section; Building 1 must be aware of all money spent, as it is allocated.
   - Order, receive, distribute, and store supplies and equipment.
   - Maintain inventory of supplies and equipment as changes occur; update inventory at least once per operational period.
   - Maintain Activity Log in WebEOC.
   - Determine procurement spending limits with the Finance/Administration Section.
• Whenever possible, meet personally with the requesting party to clarify types and amount of supplies and materiel, and verify that the request has not been previously filled through another source.

• Determine unit costs of supplies and materiel, from suppliers and vendors and if they will accept purchase orders as payment, prior to completing the order.

• Follow RCW 39.26 as outlined in the Supply Unit Leader Job Aid.

• Provides a list of issues and possible solutions or lessons learned throughout the event to the LSC for the Section’s after action report.

3. **Ground Support Unit Leader (GSUL)**

Coordinates for any required equipment used to directly support SEOC operations, coordinates travel arrangements for SEOC staff and maintains state motor pool vehicles if necessary.

✅ Tasks & Responsibilities

• Identify, locate, and maintain state owned vehicles for SEOC staff use; track vehicles and equipment assigned with ICS Form 218.

• Coordinate with CFMO or DES staff to utilize State Fleet vehicles.

• Identify current contracts to lease or rent transportation equipment.

• Coordinate with Finance and Admin Section on any expenditures related to internal SEOC staff transportation.

• Coordinate with campus security for vehicle parking areas.

• Coordinate methods to fuel and maintain any rented or leased equipment.

• Coordinate all travel requirements for SEOC assigned staff, traveling to or lodging at external locations.

• Maintain Activity Log in WebEOC.

• Provides a list of issues and possible solutions or lessons learned throughout the event to the LSC for the Section’s after action report.

---

**D. Service Branch Director (SVBD)**

Coordinates communications and information technology support for the internal operations of the SEOC, conducts feeding for all assigned staff, and performs functions of any unit not staffed.

✅ Tasks & Responsibilities

• Estimate future SEOC service and support requirements.

• Coordinate activities of Service Branch units.

• Maintain Activity Log in WebEOC.
• Provides a list of issues and possible solutions or lessons learned throughout the event to the LSC for the Section’s after action report.

**Supervises:**

1. **Communications Unit Leader (COML)**
   Support SEOC staff whether in the SEOC or assigned to austere environments.
   - Tasks & Responsibilities
   - Provide audio/visual and telecommunication support to the SEOC.
   - Maintain Activity Log in WebEOC.
   - Provides a list of issues and possible solutions or lessons learned throughout the event to the LSC for the Section’s after action report.

2. **Information Technology Unit Leader (ITL)**
   Support staff within the SEOC.
   - Tasks & Responsibilities
   - Provide network and desktop support to the SEOC.
   - Coordinate with State Agencies to provide adequate level of support for the SEOC.
   - Maintain Activity Log in WebEOC.
   - Provides a list of issues and possible solutions or lessons learned throughout the event to the LSC for the Section’s after action report.

3. **Food Unit Leader (FDL)**
   Perform feeding operations for SEOC staff personnel.
   - Tasks & Responsibilities
   - Determine location and the number of personnel to feed.
   - Determine method of feeding to best fit each situation/location.
   - Obtain necessary equipment and supplies to operate food service facilities.
   - Prepare menu plan with well-balanced meals.
   - Ensure that all appropriate health and safety measures are taken.
   - Establish and operate supplemental food system consisting of extra snacks, fruit, beverages and condiments.
   - Coordinates with the Supply Unit Leader to complete food supply orders, or completes orders when SUL is not staffed.
• Ensure Finance and Administration Section is aware of all expenditures to support feeding operations, and share cost information with the Supply Unit Leader or higher position within ICS if not activated.
• Supervise Food Unit personnel and maintain Activity Log in WebEOC.
• Provides a list of issues and possible solutions or lessons learned throughout the event to the LSC for the Section’s after action report.

☐ Turn on computer, press the space bar to get to the login screen.
  - The “User Name” is on the white label on the lower left of the monitor.
  - The “Password” is written on SEOC whiteboards or ask your Supervisor.

☐ Open WebEOC
  - The icon for WebEOC is on the desktop; if not found it is on the external EMD webpage - http://mil.wa.gov/emergency-management-division.

☐ Login to WebEOC
  - User ID for Logistics: WA-EOC-LOG and Password: P@ssw0rd

☐ Sign in to the Staffing Board
  - Board 05 WA-EOC Staffing and Seating Charts.
  - If signing in for the first time for an exercise or activation, click “Initial Sign-in”, otherwise locate name on the chart and click “Check In”.
  - Populate fields as indicated, with name entered as follows: LastName_FirstName (EMD*) – “*” is representing agency acronym.
  - If date/time needs editing, click anywhere on the desired row and click “Edit” on the far right. After desired changes are made, click the appropriate date number on the calendar icon to accept the changes, then click “SAVE”.

☐ Open and monitor the:
  - Significant Events Board
  - Logistics Section Activity Log
  - Resource Tracker

☐ Open Outlook
  - Create an exercise or incident folder and any subfolders by name as needed.
  - Move any unrelated emailed to the “Archive” folder.

☐ Create Incident/Exercise Folder on “S” drive as appropriate, using consistent naming conventions:
  - S:\Logistics Section\Exercises or S:\Logistics Section\Incidents
Click on the file folder icon on the shortcut taskbar at the bottom of the screen:

Right click on “This PC”

Click on “Map Network Drive”.

Select “S” for the network drive connection letter as indicated below (there should be no text next to letter “S” if there is no network map established).
Enter the following path in the folder cell without the quotation marks:

\MILFLCPM002\SHARED\EMD_SEOC

Click “Finish”.

Folders should appear as indicated below.

Purpose: Provide instruction for printer mapping to SEOC workstations

Responsibilities: All

References: NA

- Click the window icon pinned to the task bar.

- Click on the “Search” magnifying glass in the upper right corner.

- In the “Search” window, type in “Devices and Printers”.

- Click on “Devices and Printers” then click on “Add a Printer”.
If not available, click on “The printer that I want isn’t listed”.

- Click “Select a shared printer by name” and key in the following in the text box without the quotation marks: `\milpscpmp001\`.

- Click on the desired printer, then click “Finish”.

- Right click on the new printer icon and select “set as default printer”.
Title: D. Shift Change Briefing Checklist

Effective Date: 1/3/2017
Prepared by: Woodward, Mark
Date: 1/3/2017
Revision No.: 1.0
Approved by: Douglas, Mark
Date: 1/3/2017

Purpose: Provide continuity in Logistics support from shift to shift

Responsibilities: All

References: All

Enter the following information in the Logistics Activity Log for the next person on shift.

EOC Logistics Section Shift Change Briefing Checklist

- Date/Time: Prepared by:
- Situation Status:
- Number of total Resource Requests:
- Number of Open, Current, On-Going Resources/Missions:
- Number of missions still need assigned or accepted?
- Resources Ordered and in Transit:
- Anticipated disaster resource shipments (resource request trends):
- Anticipated release of deployed resources:
- Travel arrangement status for deployed personnel in the field:
- Support facilities available (lodging, etc.):
- List important contact information as appropriate and applicable:

Objectives and Priorities:

- Current Operational Period Tasks:
- Next Operational Period Projections:
- Required Reports Completed (attach copy) and/or Due:
- Issues Requiring Coordination with other Sections / ESFs:
- Ongoing activities in routing areas:
- Issues/Concerns:
- Meal Information for next shift:
- Light refreshment supply and purchase status:
- Status of approval forms:
- Status of purchase card binder:
At the beginning of any exercise or activation complete the following:

- Set up coffee station (supplies are under the table by the SEOC entrance door and in the metal locking cabinet across from Conference Room 120).

Adhere to the feeding policy:

- Feeding is based upon SEOC activation in support of a major disaster or emergency activation.
- Shifts must be 12 hours, with multiple coordination calls, meetings, briefings requiring staff to be on site for the entire period of the shift.
- Activation at Phase II or higher.
- Command and General Staff positions activated.
- Anticipate activation to extend for three days or longer, or approved by the SEOC Supervisor or Disaster Manager.
- Bring in two white folding tables from the Storage Shed (20A) Logistics shelves and set up in the lobby hallway to the right of the large monitor.
- Meal documentation must include (for each purchase):
  - Disaster Manager or EMD Director statement of SEOC activity level
  - Activation staffing pattern with names (WebEOC Staffing Board)
  - Meal / Light Refreshment Approval Form (Signed)
  - Paid receipt/invoice taped to copy paper (flat for scanning)
  - SEOC Admin/Finance provided with actual meal costs based upon receipt figures.
  - Each purchase packet is scanned, saved with an identifiable file name, and saved to the “S” drive in the appropriate folder.

Determine number of personnel to feed from the Staffing Pattern and WebEOC Staffing Board and ensure all who are eligible to have a meal have signed in (SEOC duty officers receive a meal while on duty).
Order meals 24 hours ahead of need.

Determine method of feeding to best fit each situation/location (buffet style catering, box lunches, other).

Obtain necessary equipment and supplies to operate food service facilities, as required and approved.

Prepare menu plan with well-balanced meals, and vegetarian options.

Ensure that all appropriate health and safety measures are taken.

Prepare menu plan with well-balanced meals, and vegetarian options.

Establish and operate supplemental food system consisting of extra snacks, fruit, beverages and condiments.

- Food operating budget for meals and light refreshments are based upon local per diem rates for the meal period referenced.

Coordinates with the Supply Unit Leader to complete food supply orders (if staffed), or order yourself using the SEOC credit card found in the duty officer’s safe.

Supervise Food Unit personnel and maintain Activity Log in WebEOC.

Enter activity in Logistics Activity Log in WebEOC.

Set up food in the EMD entrance lobby hallway.

- When staff lines up to receive meals, check off names from the printed WebEOC Staffing Board.

- If there are leftovers after lunch has been served, they should be promptly stored in the EMD kitchen refrigerators.

- When food is stored in the refrigerators the date should be written on the containers (e.g. If extra boxed lunches were received on 2/5/15, but not consumed, the date – 2/5/15 – should be written on the box).

- If deemed unreasonable to store the leftovers in the fridge an email should be sent to EMD All Staff letting them know that there are leftovers that need to be consumed by COB or claimed and stored in the fridge for future consumption.

Ensure that all appropriate health and safety measures are taken on the occasions when Logistics Section Staff will be preparing meals for SEOC personnel.

- Hand Washing: When handling food, proper hand washing rules should always be followed. Employees must wash their hands: before working with food; after going to the restroom; after handling dirty dishes, chemicals, or garbage; after taking breaks, eating, or smoking; and after getting hands dirty.

- Serving: To avoid food-borne illness, keep hot foods hot (above 140 degrees F.) by using electric chafing dishes to ensure the food stays at the proper temperature. Also, keep cold foods cold (below 41 degrees F.) by nesting dishes in bowls of ice. Do not serve drinks or foods that are made with raw eggs.
• Food Storage: Refrigerate leftovers immediately. Don’t leave food on the counter to “cool down.” Only cover the container after the food is below 45 degrees F. Reheat all leftovers (or previously cooked foods) to at least 165 degrees F.

  ▪ Freezers: If using freezers to store food, the freezers should: keep foods frozen; be safe, durable, easily cleanable, corrosive-resistant, etc.; have smooth surfaces and joints, free of cracks, etc. Freezers that are not easily cleanable may lead to cross contamination of foods by pathogens or allergens.

• Time as a Control: Criteria for using time as a control: Food that is under temperature control must be at or below 41 degrees Fahrenheit or at or above 140 degrees Fahrenheit. This is considered the “safe zone”.

• As a precaution, do not serve food that is raw or undercooked to personnel working in the SEOC.
1. Documents found in $:\Logistics Section\Resources\Sandbags
   a) Once you locate the Sand bag folder you will find a Sand Bag Count-Master list, and a Transfer Receipt form.
   b) The Sand Bag Count Master list contains current POC info, actual count of sandbags, and notes for each jurisdiction storing state owned sand bags. If any changes are to be made to the master list, be sure to update the list.
   c) Inside the Jurisdictions folder you will find folders assigned to each County/City that stores state owned sand bags. In each County/City folder you will find a sand bag count document specific for that jurisdiction. If there are Transfer Receipts associated with an EOC activation in that County/City, there will be additional folders with the incident number as the title. Within each activation folder you will find Transfer Receipts associated with that specific activation.

2. Adding Documents
   a) Scan any documents that are associated with sandbag transactions into a digital file and label accordingly.
   b) If scanning in a new Transfer Receipt, rename the document “Transfer Receipt” followed by the date of the receipt, i.e., Transfer Receipt 0123 10 (MM/DD/YY). Click on the City/County folder the receipt is associated with and store the document in the Activation folder the receipt is associated with. If a new Activation folder needs to be created, title the new folder as described in paragraph ‘d’ above.

If the document is not a Transfer Receipt but is associated with a specific County/City, then save the document into the County/City folder it belongs to titled as the document type followed by the date.
SANDBAG CUSTODIAL RECEIPT  
(for pre-positioning bulk storage)

I, ____________________________, accept the delivery from the  
(PRINTED Name of Jurisdiction Director or Designee)

Washington State Emergency Management Division of ____________ sandbags  
(Number)

on Behalf of ____________________________ to be stored at  
(PRINTED Jurisdiction Name)

_______________________________.  
(Address of Bulk-Storage Location)

I understand and agree to the following conditions and procedures as custodial jurisdiction for care and use of these sandbags:

1. The pre-positioning of EMD-owned sandbags in storage locations around the state is intended to facilitate rapid supplemental sandbag assistance to the custodial jurisdiction and surrounding jurisdictions or state agencies who may request sandbags in accordance with EMD sandbag procedure.

2. Each jurisdiction and state agency, including the custodial jurisdiction, should maintain its own adequate supply of sandbags (as defined in current EMD Sandbag Procedure) and keep them in a protected and ready-to-use condition at all times. When use of sandbags is required, each jurisdiction or state agency should utilize sandbags from its own stocks before utilizing EMD-owned sandbags.

3. EMD-owned sandbags are a controlled item. Verbal permission must be obtained from the Washington State Duty Officer or from the Washington State EOC Supervisor when a jurisdiction or state agency wants to pick up EMD-owned sandbags or to transfer EMD-owned sandbags in response to a request from a neighboring jurisdiction or state agency.

4. After acceptance of custodial responsibility and upon delivery of the sandbags intended for pre-positioning bulk storage, this form must be completed, signed, and forwarded by fax or other method to EMD.

5. Use or transfer of EMD-owned sandbags must be made on the Sandbag Use/Transfer Receipt form. This form must also be completed, signed, and forwarded by fax (253) 512-7203 or other method to EMD.

Accepted by: ____________________________

**Purpose:** Provide guidance and use of issued State Purchase Cards

<table>
<thead>
<tr>
<th>Responsibilities:</th>
<th>All</th>
</tr>
</thead>
</table>

**References:**

- PENDING – *This section is in draft, pending revision and approval by State Finance*

- During an activation, a State Purchase Card for the SEOC is in the duty room safe for procuring approved meals, travel, supplies, equipment, or goods/services related to the incident.

- The following forms will be used and referenced when making purchases with the State Purchase Card:
  
  - Meals/Light Refreshments Approval
  - SEOC Activation Purchase Approval (A-19)
  - Purchase Card Authorization - Custodian
  - Purchase Card Log – WMD 1001-10
  - Purchase Card User – FIN-105-02
  - Purchase IT Equipment/Software Request

- Prior to any purchase
  
  - A card needs to be issued to the person responsible (custodian) and filed in the binder.
  - A Purchase Card Log needs to be started in the Purchase Card Binder (to be checked out from the Duty Room).
  - Approval needs to be obtained on a Meals/Light Refreshment form, or an SEOC Activation A-19 prior to any purchase.
  - If the purchase is IT related, then the Purchase IT Equipment/Software Request form needs to be completed as well as the activation A-19.

- Once approval is signed, complete appropriate purchase card forms, and place order.

- When item arrives, scan signed SEOC Activation A-19 approval, order form/confirmation, and invoice/receipt.
  
  - Save to appropriate folder on “S” drive and label accordingly.
  - Original documents are saved in the binder until the credit card statement is reviewed monthly.

- Document each step as each step occurs in the Resource Tracker on WebEOC under the specific resource request’s “Add Actions”.

- Notify Finance and Admin of all money spent!
Title: H. Travel Arrangements

Purpose: Arranging Travel for Liaisons or as directed by SEOC Supervisor or Disaster Manager

Responsibilities: Travel Authorization Form drafting/routing/approval, vehicle reservation (Camp Murray or Olympia State Motor Pool), and hotel reservations

References: NA

Coordinate all travel requirements for SEOC assigned staff, traveling to or lodging at external locations.

☐ Adhere to the State Administrative and Accounting Manual & Military Department Travel Policy
  • SAAM: http://www.ofm.wa.gov/policy/10.50.htm
  • Department Policy: No. FIN-102-02
  • Washington State Per Diem Rates: http://www.ofm.wa.gov/resources/travel.asp
  • Federal Per Diem Rates: http://www.gsa.gov/portal/content/104877

☐ Create and keep a folder for all travel documents on the shared drive.
  • Keep hard-copies in a folder (one for each traveler) for back up, quick reference, and scanning at the completion of travel (including receipts).

☐ Travel Arrangements
  • Complete a Travel Authorization (A40-A) prior to travel for each traveler.
    ▪ The form must list estimations for mileage and per diem (lodging and meals) for the duration of the trip and be signed by the traveler and Disaster Manager.
  • Obtain hotel reservations at the state per diem rate in the desired area, if possible, and complete Travel Approval for High Cost Lodging, if applicable, using the SEOC Purchase Card.

☐ Air Travel and Rental Car
  • Azumano Travel - https://www.resx.com/login/washington/default.htm (user ID and password needed; if unavailable, consult with Finance/Admin Section for alternate approval).
  • Reserve car rental, if needed, when reserving flight.
  • If the traveler is using a state purchase card, request a purchase card authorization form from the hotel. Fill out the form accordingly, make a copy of the form, have a copy of the purchase card and your state ID, and fax or email back to the hotel.
  • Be sure to get a confirmation number from the hotel. Save the confirmation number, authorization form (if necessary), name of hotel employee who made the arrangements; with the, date, time, etc... in the travel folder.
If driving to the destination:
  • Reserve a car from the state motor pool or the agency motor pool; personally owned vehicles must have pre-approval.
  • Each Military Department motor pool reservation must be made by, or through the account of, the actual user of the vehicle – do not use your login to reserve for another driver.
  • If using the state motor pool further instruction can be found in the vehicle reservation job aid. Reservations can be made upon someone’s behalf or the logistics section may sign several vehicles out and issue to travelers.

Upon return, the original receipts must be obtained from the traveler for any portion of the travel paid by the SEOC credit card.

The following documents will need to be scanned to the “S” drive and saved in the credit card binder:
  • Travel Authorization
  • Hotel receipt with a “ZERO” balance.
    o If paid with the Purchase Card, write “PAID WITH STATE PURCHASE CARD”.

The traveler submits for reimbursement for per diem within the Travel Expense Management System (TEMS), less hotel if paid on Purchase Card, and sends printed TEMS report along with the Travel Authorization and approved receipts (if any) to Accounts Payable in Building 1 for reimbursement/payment. This step is handled solely by the individual traveler.
  • Send original documents, after scanning and filing, to the individual traveler.

NOTE: If the SEOC purchase card is not available, use a section purchase card with State Finance approval (Complete approval form and keep a copy with the final scanned package).
Title:   I.  Vehicle Reservations

Effective Date:  1/3/2017
Prepared by:  Woodward, Mark
Date:  1/3/2017
Revision No.:  1.0
Approved by:  Douglas, Mark
Date:  1/3/2017

Purpose:  Reserving state vehicle process

Responsibilities:  Reserve state vehicles through the Camp Murray or Olympia Motor Pools

References:  NA

Camp Murray Motor Pool

☐ Go to the Motor Pool website:
  https://fleet.invers.com/wsm/

☐ Login using UserID and Pin for traveler:

☐ Click on “New Reservation” at the top of the screen:

☐ Select desired vehicle, date(s), and time(s) from the drop-down menus.

☐ Click on “Reserve” to make the reservation.

☐ A confirmation email will be sent to the email address on file with access code for the key box.

☐ Don’t have an account or need further details?
  • Contact the Washington State Reservation System at 360.664.9215, Option 1.
  • Your user ID number is your state employee number; If there are less than six digits in the number, add leading zeros to the front.

Olympia Motor Pool

☐ If Camp Murray’s vehicles are unavailable, the Department of Enterprise Services (DES) has fleet operations vehicles at their site in Olympia on Fones Road.
  http://www.des.wa.gov/services/Travel/Vehicle/Pages/MPReservations.aspx

☐ The link above brings up the web page below.
Reserve a fleet operations vehicle

Reservation options
Reservations can be made by contacting us in person, by phone, or by using our online Fleet Operations Reservation System.

You must be registered to use our online system:

- First time users must be authorized and registered by their Agency Transportation Officer (ATC).
- DSHS employees should contact Tim Scott at (360) 664-6029. Contact us if you need additional assistance.
- Once registered, use your HRMS number to access the system.

The online reservation system is available anytime, however you must pick up your vehicle during our hours of operation.

Vehicle types and rates
Fleet Operations has the following vehicle types available:

- Full and mid-size sedans (including hybrids)
- Pick-ups and sport utility vehicles (including hybrids)
- Full and mini-size passenger and cargo vans

We can also make arrangements for you to rent an accessible van if you need one. We will however need at least two weeks advance notice to fill your request.

See short-term rental rates for our vehicle rates.

Vehicle pick up and return information

Picking up a vehicle

- You must have a valid driver’s license to rent a Fleet Operations vehicle.

Returning a vehicle

- Vehicles returned before 8:30 a.m. will not be charged for that day.
- Vehicles are equipped with fuel cards, and should be returned with at least 1/4 of a tank of fuel. If not, your agency will be assessed a $10 charge.
- After parking the vehicle, return the keys to the dispatcher and notify them of the space number you parked in.
- When possible, return the vehicle inside the fenced area.
- If returning after business hours, drop the keys in the night drop on the front door.
If fleet vehicles are depleted from the Olympia Motor Pool site, DES has contracts in place for commercial rental cars with Enterprise Rent-A-Car:

http://www.des.wa.gov/services/Travel/Vehicle/Pages/MPEnterpriseRental.aspx

Enterprise Rent-A-Car

How do I reserve a vehicle?

Contact your travel coordinator for information on agency-specific travel policies. Note: If you are a travel coordinator, you must contact Enterprise at (425) 917-7559 to set up your agency’s account.

Reservation options:

- Visit www.enterprise.com
- Call the Enterprise reservation line (800) 847-3722
- Contact your travel agent.

How much advance notice do I need to give Enterprise?

Reservations should be made at least 24 hours in advance on local rentals and seven calendar days in advance on one-way rentals. Local rentals are those where the renter will return the vehicle to the same location as rented. Reservations made within 24 hours of vehicle rental are subject to car availability.

How do I pay for the rental?

Each government organization has an established travel policy that addresses how rental cars will be paid for based on the options available in the contract and OFM travel guidelines. We suggest you contact your travel coordinator prior to renting a car from Enterprise.

Can I use the rental car for personal use?

No.

Who can rent a vehicle under this contract?

All Washington, Idaho, and Oregon state agencies, members of each state’s purchasing cooperatives and higher education.

- Master Contract Usage Agreement members
- Oregon State Purchasing Cooperative Information
- Idaho: send email to Anthony Opalka at anthony.opalka@adm.idaho.gov
1. Coordinate acquisition and leasing of incident facilities.

The Facility Unit Leader coordinates the acquisition and leasing of all incident facilities.

- Determine facility requirements; ensure that adequate facilities are provided for the response effort, including securing access to the facilities and providing staff, furniture, supplies, and materials necessary to configure the facilities.

- Secure facility usage through coordination with the Department of Enterprise Services, Camp Murray CFMO, or site(s) identified in EMD’s COOP Plan.

- Inspect facilities prior to occupation and ensure all structures are safe for occupancy and that they comply with ADA requirements listed in the facilities job aid.

- Develop facility floorplan, and notify personnel of facility layout.

- Provide facility maintenance services (i.e., sanitation, lighting, garbage/recycling, and cleaning).

- Ensure the garbage cans, recycling bins, and trash containers are emptied on a regular basis.

- Demobilize facilities and restore to pre-incident condition.

- Maintain Activity Log in WebEOC.

- Develop and maintain a status board, Excel workbook/spreadsheet, or other reference which depicts the location of each facility; a general description of furnishings, supplies and equipment at the site; hours of operation, and the name and phone number of the Facility Manager.

- Supervise the Facilities Unit.

For coordination with FEMA for Initial/Interim Operating Facility (IOF) or Joint Field Office (JFO), consider the following when touring potential facilities:

- Expected duration and scope of use:
• Sanitation
• Sleeping
• Feeding
• Supply area
• Medical support
• Communication needs (Phone/fax/computer/internet).
• Security needs
• Lighting

☐ Facility specifics:
  • Square footage needed.
  • Desired geographical location.
  • Access
  • Parking
  • Security
  • Safety
  • Plan facility and use layout in advance.

☐ Acquisition:
  • Coordinate with Procurement Unit, agency Facilities Manager, and agency Finance Department as appropriate.
  • Photograph rental space prior to taking occupancy.
  • Document all activity in WebEOC.

2. Work Orders

All CFMO Work Orders need to go through Production Control (immediate repairs, lighting, safety issues, plumbing, custodial, recycle)

Contact:

(253) 512-8763  Ted Valdez – Work Orders

☐ Work Order Process:
  • Building Manager submits Work Request (Building Manager designates who will act on his/her behalf.)
    ▪ Chris Utzinger
    ▪ Chris Moores
  • Request Reviewed/Assigned Status.
  • Assigned to Regional Supervisor.
  • Assigned to maintenance crew member.
  • Hours worked, Material Used, and costs are recorded.
  • Work Order is completed, and closed out.
Work Request:
- Description of the issue.
  ▪ Be specific when describing the issue.
- Location ID: Building #...
  ▪ Include room number when applicable.
- POC information.

Call or email Production Control with questions; stay in touch!
  - Inquire by work order number.
  - Check status online.

Bernard Jackson (Energy Manager) – Garbage and Recycling (extra bins and pickups).

Steve Edgington (253) 512-8870 - Fire Alarms and Custodial needs...

2. RESTROOMS

According to Washington State law against discrimination

If an employee maintains gender-specific restrooms, transgender employees should be permitted to use the restroom that is consistent with the individual’s gender identity.

All employers need to find solutions that are safe, convenient and respect the transgender employee’s dignity. If someone is uncomfortable using a particular restroom for whatever reason, it is up to that person to find an alternative restroom.
Number of Toilets required by occupancy

Except as indicated above, toilet facilities, in toilet rooms separate for each sex, shall be provided in all places of employment in accordance with the table below. The number of facilities to be provided for each sex shall be based on the number of employees of that sex for whom the facilities are furnished. Where toilet rooms will be occupied by no more than one person at a time, can be locked from the inside, and contain at least one water closet, separate toilet rooms for each sex need not be provided. Where such single-occupancy rooms have more than one toilet facility, only one such facility in each toilet room shall be counted for the purpose of table below.

<table>

*Water closet means a toilet facility maintained within a toilet room for the purpose of both defecation and urination and which is flushed with water.*

3. HANDICAP ACCESSABLE APPROACH & ENTRANCE

Source document is “The Americans with Disabilities Act Checklist for Readily Achievable Barrier Removal” version 2.1 revised August 1995, Adaptive Environments Center, Inc. for the National Institute on Disability and Rehabilitation Research. (below checklist modified to include only approach and entry standards based upon 28 CFR Part 36 Section 36.304, removal of barriers)

People with disabilities should be able to arrive on the site, approach the building, and enter as freely as everyone else. At least one route of travel should be safe and accessible for everyone, including people with disabilities.

**Accessible Approach/Entrance**

</table>
Purpose: Coordinates all requests for federal assistance.

Responsibilities:

- Coordinates Resource Request Forms (RRFs) requesting assistance from the federal government.
- Tracks and provides updates on federal assistance.
- Provides a list of issues and possible solutions or lessons learned throughout the event to the LSC for the section’s After Action Report (AAR).
- When the SEOC is activated, and the president issues an Emergency Declaration or Disaster Declaration, the state is authorized to request assistance from the federal government by using a Resource Request Form (RRF), FEMA Form 010-0-7.
- Sections I and II are completed in detail, and then signed by the SCO prior to submission.
- A blank RRF can be found on the “S” drive in the logistics folder.
- The RRF does not have space to place a WebEOC number, write the number on the top right corner of the form.
- The RRF is scanned and a copy saved to the incident specific folder (located on the S: Drive/Logistics Section/Incidents). Additionally, attach the scanned copy to the updated action in WebEOC.
- RRFs are processed primarily through the Regional Response Coordination Center (RRCC) using a FEMA liaison assigned to the SEOC.
- If an Initial Operating Facility (IOF) or Joint Field Office (JFO) is activated, RRFs can be directly submitted from the State Logistics Section Chief through the FEMA Operations Section Chief. In any case, the State Coordinating Officer (SCO) must sign the RRF.
- The following email addresses are to be used to correspond with the RRCC, when the RRCC is activated:
  - Resource Capabilities Branch Director - r10-rcbd@fema.dhs.gov
  - Mission Assignment (MA) Unit Lead - r10-maul@fema.dhs.gov
- FEMA submits a computer-generated RRF from their system to the state. Review and submit the RRF to the SCO for signature. Save RRF in Incident folder and into WebEOC.
- Once FEMA accepts and processes the RRF, FEMA will issue a Mission Assignment (MA), FEMA Form 010-0-8, for the request. The SCO must approve and sign the Mission Assignment (MA). This number is recorded in WebEOC to assist in tracking the request.
Ensure the following is completed:

- The SCO reviews and signs all MA Amendments returned by FEMA.
- MA and MA Amendments are scanned and saved in the appropriate Incident folder and WebEOC (cross reference MA# with WebEOC request #).
- When provided, record the National Emergency Management Information System (NEMIS) Number from the MA in WebEOC, “Add Actions” tab.
- Track all costs of the MA in WebEOC. Report state cost share to the Fin/Admin Section.

Maintaining a good relationship with the FEMA Liaison and RRCC operations counterpart is vital to tracking RRFs and MAs.

- Logistics must ensure initial contact with FEMA before the submittal of any RRFs, and follow up on submitted requests for Resource Tracker status updating; information can be copied/pasted into the SEOC WebEOC Resource Tracker.

Resources requested for a specific purpose must be used for that purpose. Requests for other uses need to be submitted separately for approval.

FEMA will be providing the SEOC Logistics Section with a UserID and password for FEMA’s WebEOC – issued to individuals, not positions if FEMA wishes the state to use their WebEOC for that specific incident. FEMA WebEOC will:

- Provide visibility on the status of current and pending federal resource requests.
- Reduce the need for SEOC Logistics staff to “ping” FEMA for resource request updates.
Taking a Request for Assistance in WebEOC.

**Request for Assistance (RFA)**

- **The four options are:**
  1. WebEOC - Request for Assistance (preferred option)
  2. Logistics Web Page Form/Email - PDF version of RFA
  3. Telephone - Call in to SEOC
  4. Radio - RFA via RACES Operator

- Select “Create New Request” on the Resource Tracker in WebEOC.
- Complete all blanks as indicated, providing as much detail as possible.
- Blue fields are required. Provide as much detail as possible, addressing desired CAPABILITY rather than specific equipment.
  - What is trying to be accomplished?
- What support will be required to use the resource, if any? (Fuel, electrical cables, personnel support, delivery, pickup, etc.)
- Specific Questions (based on type of request).
  - Search & Rescue:
    - Let the caller know that you are going to transfer them to a Rescue Coordinator.
    - Immediately transfer the call to the Rescue Coordination Center (RCC).
    - Coordinate with the Search and Rescue section for a smooth transition of the process and to ensure the request is entered into the Resource Tracker.
  - Generators:
    - ESF #7 (DES) has contracts with generator providers.
    - Considerations
How much peak power is needed? (Kilowatts).
- House ~ 10KW.
- Community Well ~ 25KW.

What type of connection - Delta or Wye (Y) Connection?
Will an electrician be on site to hook up the generator?

NOTE: Damage to equipment or injury may result from untrained personnel establishing an electrical connection – ensure the request includes a person to perform this function, as applicable.

- Water:
  - Is this water for drinking (potable)?
  - For how many people?
    - Minimum 1 gallon per person per day.
  - If potable, is there a connection into an existing water system?
    - If yes, then it will most likely be a tender that delivers the water.
    - If no, then bottled water must be used unless the container is made specifically to store potable water.

- Heavy Equipment – Consider the following:
  - The task the equipment is performing.
  - If an operator for the equipment is required.
  - If transportation to and from the site is needed.
  - Fuel and maintenance plan.

- Shelter Supplies:
  - Number of people in the shelter?
  - Type of supplies needed?
    - Blankets
    - Cots
    - Pillows
    - Comfort Kits
    - Infant kits
  - Are there special needs considerations?

- Food:
  - Bulk food or Shelf Stable Meals?
  - For how many people?
  - How many meals a day?
  - (BULK) Is there a kitchen with the capability of cooking and serving meals?
    - (BULK) Are there any special dietary needs?
    - Security - # of security officers needed?
      - What equipment should they have?
        1. Traffic Control, Riot Gear, etc.
        2. Do they need to be law enforcement or carry weapons?

- Click “SAVE” when complete.
During activations, Logistics may be tasked with procuring emergency services or supplies.

- Assign the resource request to ESF #7, Department of Enterprise Services (DES) Lead, if activated, to identify any contracts on file for the requested resource(s).

- If no contracts are on file search online for the desired resource.

- Save and print three potential options for review by the SEOC Supervisor, Disaster Manager, and State Finance, with documentation regarding fiscal responsibility and appropriate charge code(s).

- Complete an SEOC activation A-19 form for purchasing approval (Click HERE for sample form).

- Once the approval is signed, complete appropriate purchase card forms (Click HERE for sample forms), and place the order.

- When item arrives, scan signed SEOC Activation A-19 approval, any related email correspondence, order form/confirmation, packing slip, and invoice/receipt.
  - Save to appropriate folder on “S” drive and label accordingly.
  - Send originals to State Finance for payment.

- Document each step as each step occurs in the Resource Tracker on WebEOC under the specific resource request’s “Add Actions”.

- Notify Finance and Admin of all money spent!
SEOC Activations Purchasing Policy for Goods and Services

PURPOSE: The intent of this policy is to establish a standalone PO Form and expense log to be used during Level 1 and 2 activations.

Allowable Emergency Purchases
- SEOC Operation Costs Not Requiring a Purchase Order.
  - Individual(s) travel to affected areas:
    - Lodging
    - Airfare
    - Motor Pool/Rental vehicle
    - Meals
      - Meals to include Refreshments/Snacks up to per diem rate for EOC Staff.
      - Other inter-governmental agency agreements/contracts.

- SEOC Operation Costs Requiring Purchase Order
  - Sand Bags
  - Other Large Purchases as Determined
  - Supplies or Equipment to be kept and stored by the Military Department.
  - Equipment for SEOC Food Service.
  - Other Supplies as Determined for SEOC Supervisor.

Unallowable Emergency Purchases
- Human resources, services, supplies, and equipment for:
  - Other governmental entities - the entity must order and pay directly for its needs. The exception is noted in section Tracking Process of Purchases.
  - National Guard - National Guard goes through the Finance Division for all needs.
- Personal items
- Alcohol
- Items for normal Military Department operations.

Emergency Purchasing Rules
- Determine if a master contract can meet needs. If it can, then use master contract.
- If master contracts cannot meet needs can go to best source.
  - Must document the justification for using best source.
  - No bid required.
  - Complete Best Buy Form.
- $10,000 and more.
  - Must contact Contracts immediately with justification for emergency purchase for reporting to DES within the required three days.
    - Contact via email or send hard copy if electronic isn’t available.
Approval Process of Purchases

- Approval/Recommendations at all levels will be made on the PO.
- Approval Levels will be dependent on no governor proclamation (NGP) or governor proclamation, who the purchase is for, and amount of purchase up to limits as indicated.
  - Amounts are indicated as NGP or GP.
  - SEOC Supervisor $5,000/$50,000.
  - Disaster Coordinator $10,000/$100,000.
  - Governor’s Appointed Represented over $100,000.
  - EMD Director - Purchases for other governmental agencies if Military Department paying.
- Finance/Admin Section will review and approve all SEOC Purchase Orders.

Tracking Process of Purchases

- The Finance Section must log all expenditures.
- The Finance Section must approve all purchase orders.
- Submit Receipts/Invoices to Finance Section at time of purchase for all SEOC Operation Costs.
- Purchase Orders will start with the incident number (i.e. 140995-01), then:
  - Sequential numbering for each purchase.
  - Each incident will have a separate log.
- Any purchases that have to be ordered by the SEOC for another governmental agency must have the authorizing governmental agency’s information and the contact person name and number for the order on the invoicing section of the PO.
  - Recommend getting e-mail from other governmental entity approving the order to be purchased and/or invoiced.
  - Send copy of PO to the governmental entity.
  - If Military Department is paying for purchase, Accounting will send invoice to the governmental entity for reimbursement along with the vendor’s invoice.
How to Request Commercial Resources:

- Determine if the requesting jurisdiction needs resource vendor coordination or if the requesting jurisdiction is unable to pay.
  - If unable to pay, obtain cost estimates from the steps below and report to the SEOC Supervisor and/or Disaster Manager for guidance.

- Assign the request to ESF #7 lead, Department of Enterprise Services (DES) in the WebEOC Resource Tracker.

- Contact the DES representative in the SEOC or by phone to confirm receipt of the assignment.

- Document the activity in the “Add Actions” section of the Resource Tracker under the specific resource request.

- Follow up periodically to ensure adequate progress is made to fulfill the request.

- If no state contracts for commercial vendors are available, coordinate with State Finance for an “emergency purchase” and complete the designated forms as indicated by State Finance (only if the state is purchasing on behalf of the requesting jurisdiction).

- Communicate with the requesting jurisdiction to ensure the “loop is closed”.

- Document the activity in the “Add Actions” section of the Resource Tracker under the specific resource request.

- Complete the resource request status, as appropriate, in WebEOC.
WAMAS is intrastate mutual aid – local jurisdictions assisting local jurisdictions.

During large incident response, local WAMAS coordinators may be brought into the SEOC to assist with the coordination of intrastate mutual aid.

Activities related to WAMAS or tasks performed by the WAMAS Coordinators do NOT get entered into WebEOC. WAMAS Coordinators establish and maintain their own resource request forms, tracking mechanisms, and execution.

1. The Logistics Section assists with the Intergovernmental Agreements (IGAs), if not on file, amendments (with cost estimates for salary and per diem), and reimbursement to the local jurisdiction providing the personnel.

   a) The State, on occasion, may support the cost of the WAMAS coordinators (decisions are incident specific by the Disaster Manager and/or EMD Director); however, the specific tasks related to WAMAS are performed by the WAMAS coordinators.

   b) Reference tools are provided to WAMAS Coordinators provided below located at: http://mil.wa.gov/other-links/logistics-and-resources
**Title:** P. Intergovernmental Agreements (IGA’s)

**Purpose:** IGAs are used for EMAC/PNEMA mutual aid deployments to identify personnel from jurisdictions as temporary employees of the State of Washington for liability and insurance purposes. The following instructions are for emergency IGA processing during activations only.

**Responsibilities:** Drafting and executing IGAs and Amendments for resource deployment under EMAC/PNEMA

**References:** Public Law 104-321

EMAC/PNEMA mutual aid deployments require the use of IGA’s to identify personnel from jurisdictions as temporary employees of the State of Washington for liability and insurance purposes. The following instructions are for emergency IGA processing during activations only.

Primary consideration goes to Local agencies, and jurisdictions owning requested resources with executed IGAs with the Military Department before those local agencies, or jurisdictions which do not have such documentation in place. In the event the agency owning a requested resource does not have an IGA in place, the following steps are taken:

a) Logistics Section staff sends an email message to the jurisdiction in need of an IGA requesting the required information to populate the IGA template. The information is located at `S:\Logistics Section\Mutual Aid\Legal Documents\IGAs`.

The email template contains a request for the following information:

- Jurisdiction/Agency Name
- Street Address
- City, State, Zip + 4
- IGA Contact Person Name
- IGA Contact Person Phone
- IGA Contact Person Fax
- IGA Contact Person Email
- Agency/Jurisdiction Tax Identification Number (TIN)
- Universal Business Identification Number (UBI)
- Name of Person Authorized to Sign IGA
- Title of Person Authorized to Sign IGA

b) Logistics Section staff creates a folder with the entity name within the IGA folder on the “S” drive located at `S:\Logistics Section\Mutual Aid\Legal Documents\IGAs\Current IGAs`, with samples shown below.
Creating an Initial IGA

c) Use the IGA template and save as the jurisdiction name within the labeled folder:

(1) Go to IGA Templates Folder (S:\Logistics Section\Mutual Aid\Legal Documents\IGAs).

(2) Open the EMAC-PNEMA IGA - FINAL file.

(3) Save As “UXX-XXX EMAC-PNEMA IGA ‘name of jurisdiction’.

(4) The end date of the agreement is five years from the last day of the current month the IGA is drafted.

(5) Using the information in the email, populate the highlighted areas only.

(6) If the IGA is for a Telecommunications Emergency Response Team (TERT), the word “TERT” is the first word of the electronic file name, after the contract Number.

d) Email the file to contracting:

(1) If during business hours, to contracts.office@mil.wa.gov, with copies to laurie.emerson@mil.wa.gov, kelly.vandrasek@mil.wa.gov, william.greenup@mil.wa.gov, and rick.Woodruff@mil.wa.gov
If during non-business hours, check with the EOC Supervisor or the on-call Point of Contact name and contact information.

e) When contracting returns the IGA and Routing Checklist:

(1) Save both the checklist and the PDF IGA to the appropriately labeled folder.

(2) Print the contract checklist on yellow paper and the IGA on plain paper.

(3) Place both in a red pocket folder and route as directed on the checklist.

(4) Once approved, go to the IGA Templates folder and open the file named “Legal Document Text for Locals and Required Attachment Files”.

(5) “Forward” the email template to the email address of the IGA Point of Contact, attach the PDF of the IGA and address the email to the local jurisdiction Point of Contact, copy yourself on the email, and copy the Logistics staff at POD #12.

(6) Edit only the text pertaining to ‘forwarding’ and the email template text pertaining to where to send the signed documents, select “read receipt”, and send the email.

(7) Save a copy of the email in the same electronic folder as the jurisdiction IGA drafts and PDFs of the IGA documents and print a copy of the email for the pocket folder.

f) When signed copies arrive back from the local jurisdiction:

(1) Electronic (fax or scan/email during activations):

   (a) Print and place in appropriate pocket folder for Director’s review and State Finance signature.

   (b) When signed originals arrive several days later, place in pocket folder.

   (c) Place in appropriate pocket folder for Director’s review and State Finance signature.

   (d) Scan entire package and save as “Executed” (IGA Amendment-Number) Local Jurisdiction Name in the appropriately labeled folder.

   (e) If a second signed copy is provided by the local jurisdiction, send them a signed original via postal mail. If not, then email the scanned, executed IGA Amendment.

   (f) Place the signed original and all supporting forms in campus mail to contracting, or hand carry to the contracts office.

   (g) Place the pocket folder on any Logisticians’s desk in-box (cubicle, not EOC) for filing, and updating on SharePoint.

g) Amending the IGA for Mutual Aid Deployment

(1) Email is received requesting an IGA Amendment (Coinciding with REQ-A processing)
(a) Locate the executed IGA at S:\Logistics Section\Mutual Aid\Legal Documents to ensure the document is still valid, as some jurisdictions may not have responded to the required annual reviews, and are therefore not considered current.

(b) Locate the amendment template at S:\Logistics Section\Mutual Aid\Legal Documents\IGAs

(c) Save the file as the name of the initial IGA followed by the number “1”, if this is the first amendment to the IGA, or the next sequential number if there have already been amendments to the IGA.

(d) Send the IGA Attachment Budget Draft to the jurisdiction (Budget Draft located at S:\Logistics Section\Mutual Aid\Legal Documents\IGAs)

(e) Populate the highlighted areas on the IGA Amendment document from information on the original IGA.

(f) When the cost estimate information comes back from the local jurisdiction, populate the spreadsheet on the Amendment, located at: S:\Logistics Section\Mutual Aid\Legal Documents\IGAs\IGA Templates

(g) Complete the IGA Attachment Finance Breakdown, using the cost estimate information, (Finance breakdown located at S:\Logistics Section\Mutual Aid\Legal Documents\IGAs), and ensure all three totals match (two spreadsheets and REQ-A Part II).

h) What to do when the cost estimate information is received:

(1) Save the document in the appropriately labeled folder with the entity name.

(a) Save As “IGA Number Amendment ‘name of jurisdiction’.

(2) Using the information in the email, populate the highlighted areas only.

(3) Email the file to contracting during business hours, to: laurie.emerson@mil.wa.gov, kelly.vandrasek@mil.wa.gov, and William.greenup@mil.wa.gov

(4) If during non-business hours, check with the EOC Supervisor.

i) When contracting returns the amendment and routing checklist:

(1) Save both the checklist provided by contracting and the IGA Amendment to the appropriately labeled folder.

(2) Print out the checklist on yellow paper and print out the IGA Amendment.

(3) Place both in a red pocket folder and route as directed.

(4) Once approved, go to the IGA Templates folder and open the file named “Legal Document Text for Locals and Required Attachment Files”.

(5) Attach the PDF of the IGA and address the email to the local jurisdiction Point of Contact – copy yourself on the email.
(6) Edit only the email text pertaining to where to send the signed documents, select “read receipt”, and send the email.

(7) Save a copy of the email in the same folder as the IGA drafts and print a copy for the pocket folder.

j) What to do when signed copies arrive back from the local jurisdiction:

(1) Electronic (fax or scan/email during activations):

(a) Print and place in appropriate pocket folder for review and State Finance signature.

(b) When signed originals arrive several days later, place in pocket folder.

(c) Place in appropriate pocket folder for review and State Finance signature.

(d) Scan entire package and save as “Executed” (IGA Amendment-Number) Local Jurisdiction Name in the appropriately labeled folder.

(e) If a second signed copy is provided by the local jurisdiction, send them a signed original via postal mail. If not, then email the scanned, executed IGA Amendment.

(f) Place the signed original and all supporting forms in campus mail to contracting, or hand carry to the contracts office.

(g) Place the pocket folder on any Logisticians’s desk in-box (cubicle, not EOC) for filing and updating on SharePoint.

All actions related to any Requests for Assistance, including Mutual Aid, are to be recorded under “Add Actions” under the appropriate resource request in the “Resource Tracker” on WebEOC.

A-Teams carry out specific operational functions in support of EMAC within their home state or when deployed to Requesting States.

The following is considered when selecting personnel to serve as a member of an A-Team:

- All EMAC A-Team personnel must be qualified by NEMA.
- A-Team Leaders must have past deployment experience on an EMAC A-Team or concurrence of the Requesting State for lack of experience.
- EMAC A-Teams function under the command and control of their home state and are under operational control of the Requesting State for the duration of their mission.
- Typing scheme (Type I – Type IV) A-Teams denote the minimum and maximum capabilities and staffing recommendations. Staffing of A-Teams may be expanded or contracted as needed.

a) Mobilization

In the event of a governor-declared incident, out-of-state resources may be requested via an Emergency Management Assistance Compact (EMAC) broadcast via the EMAC Operations System (EOS) to member states to assist with the response, recovery, and/or mitigation of events or incidents.

b) Notification

When an affected state requests EMAC assistance, the request broadcasted by the EMAC Operations System (EOS) is received by the Washington State Emergency Management Division’s (EMD) EMAC Authorized Representatives (ARs) and Designated Contacts (DCs) via email. The State Director, together with an AR, will determine whether the state can offer assistance. If able to provide assistance, the DC(s) will contact identified resource providers for resource availability and cost estimates.
The official Request for Assistance (REQ-A) is completed online via the EMAC Operations System (EOS) found on the EMAC website: www.emacweb.org. Only Authorized Representatives (ARs) and Designated Contacts (DCs) have the required permissions to operate in the EOS environment. A current list of A-Team trained personnel, Authorized Representatives, and Designated Contacts is on the Logistics N: drive named “A-Team Matrix”, located at: S:\Logistics Sections\Mutual Aid\Interstate Mutual Aid.

c) Cost Estimate
Fire service resource costs for Washington State are determined by the current State Fire Chiefs Rate Schedule and the average state firefighter salary, including 25% to cover benefits http://www.wsp.wa.gov/fire/docs/mobilization/mobeplan_appendix_N.pdf

State agency employee salaries are determined by the Washington State Human Resources Salary Schedule: http://www.dop.wa.gov/COMPCLASS/COMPENSATION/Pages/SalarySchedules.aspx

Lodging and per diem rates reflect the current national government standard as published by the Federal General Services Administration (GSA) for the applicable location (http://www.gsa.gov/portal/category/21287) and reimbursements are not to exceed GSA rates, unless approved on the REQ-A Section II or lodging exception authorization has been provided.

d) Cost Estimate Form
The Cost Estimate Form is sent to the resource provider in a spreadsheet format with active formulas to aid in calculation of the maximum estimated costs of deploying resources. Travel costs are generally calculated by State Logistics. The figures provided to EMD are used to populate both the Section II of the REQ-A for the Requesting State and the budget sheet for the IGA amendment, if deploying non-state personnel.

e) IGA Amendment Attachment
Upon completion of the cost estimate, the IGA deployment specific amendment attachment for the participating local jurisdiction is finalized and sent to the jurisdiction providing the resource for signature by the authorized representative as cited on the IGA Signature Authorization Form. Specific instructions for final amendment execution will accompany the document when sent for signature.

Jurisdictions preparing to provide assistance must remember the amendment attachment is not an authorization to deploy. A Mission Order must be issued before a resource is authorized to deploy, and is provided upon execution of the REQ-A.
f) **Verification of Qualifications**
   The participating jurisdiction/resource provider agrees that it will only deploy employees as authorized resources under this Agreement who are fully qualified and capable of performing the duties described in the executed Attachment A.

2. **EMAC Request for Assistance (REQ-A) Form**
   The REQ-A is used to request resources from another state. The REQ-A is completed online via the EOS, but a backup Excel version can be populated and uploaded to the EOS. The Excel version can be downloaded by an AR or DC, and there is also a copy stored on the “S” drive at S:\Logistics Section\Forms~Publications\Mutual Aid.

   An AR is the person within a member state empowered to obligate state resources (provide assistance) and expend state funds (request assistance) under EMAC. In a Requesting State, the AR is the person who can legally initiate a request for assistance under EMAC. In an Assisting State, the AR is the person who can legally approve the response to a request for assistance. A Designated Contact (DC) is a person within a member state who is very familiar with the EMAC process. The DC serves as the point of contact for EMAC in his or her state and can discuss the details of a request for assistance. The form consists of three sections. Sections I and III are filled out by the Requesting State and Section II is filled out by the Assisting State. An Authorized Representative (AR) with signatory authorization to request or deploy EMAC resources is required to sign each section of the REQ-A when complete.

   a) **Mission Order**
      Upon completion of the REQ-A process, the Washington Designated Contact will download the Mission Order from the EOS or in the event the EOS is unavailable, completes a manual EMAC Mission Order in MS Word based on information from the REQ-A, and transmits the Mission Order to the resource provider. The Mission Order is the approval document to deploy the resources listed within the attachment.

   b) **Travel Arrangements**
      Personnel from agencies other than the Washington Military Department (WMD) will coordinate travel arrangements through their respective agencies or jurisdictions, to include airfare (using the state contract rate), rental car, and lodging, unless any of these items are designated to be provided or arranged by the Requesting State or EMD. The EMD can also assist the responding agencies and jurisdictions with travel coordination upon request. If the responders are part of a team, the team leaders will coordinate meeting times and locations either in Washington State or the Requesting State. For economic efficiency, teams will share rental vehicles unless prior authorization for individual vehicle rentals are made.
3. EMAC Operations System (EOS)

The EMAC Operations System (EOS) is an online system for managing interstate mutual aid requests as a result of governor declared incidents or disasters. The public can visit the EMAC website at www.emacweb.org; however, only State ARs, DCs, and A-Team trained members can login to the system. The following tasks can only be completed by personnel with www.emacweb.org logins.

a) Opening an Event in EOS

(1) Go to www.emacweb.org and click on “Log in”.

(2) Use the Login ID and Password provided by the Mutual Aid Branch Director.

(3) The user will be directed to the main page of the EMAC website. The two main items A-Team users will need are the first and third of the three bulleted items on the masthead:

- EMAC Gateway.
- EMAC Operations System (EOS) 2.0 (2014 Upgrade).
Note: The EMAC Gateway also contains links to the EOS, the same navigating tabs as the homepage, the member directory contact map, a list of EOS Open Events, and basic reference documents for A-Team member use.

(4) Click on the third masthead bullet, “EMAC Operations System 2.0” link.

(5) Click on “Actions” the “Open” on the left to open the desired event.

(6) On the left side of the screen are links to the Events Overview, Events and Exercises (Open Events, Multi-State Exercises), Sandbox Exercises, and A-Team Personnel.

b) Using the Manage Resources Grid

(1) The Grid provides a color-coded snapshot of actions which need to be taken within the EOS.
(2) Refresh frequently, using the icon on the top bar. A “New” request is one which has only been open for 24 hours. An “Open” request is over 24 hours old. “Offer Pending” means there is an offer in need of action.

(3) Click on green arrows to act. Click “Thumb up” to approve the initial offer and begin the REQ-A process or click “Thumb down” to decline.
(4) “Active” means “boots on the ground” and the mission is in progress.
   
   (a) The “Amber” icon with a green arrow indicates the Mission Order (Authorization Form) is ready for download and emailing to the requested resource, Assisting/Requesting State, and any other designated party.

(5) “Completed” means all resources have returned to their home state and agency.

(6) Any other item in a colored font requires action.
c) **Requesting State Reports**

(1) Select the “Reports” feature by clicking on the “Reports” tab at the top of the screen.

(2) Select the desired reporting option from the drop-down menu.

(3) Download desired report as a PDF and save in the event folder as directed by the External Resource Director.
Adding a New Resource Request

(1) Under the “Manage Resources” link on the left side, click on “Add Resource Request”.
   (a) Upload a Situational Report (SitRep) for the incident to provide potential resource
       providers with background information.

(2) Complete the form with as much detail as possible.
(3) If an Excel version of the REQ-A has been completed in advance, such as with a Mission Ready Package, Section I can be uploaded here:

(4) Select “SAVE”, then “CLOSE”. The request is still in draft form, so the request can still be edited.

(5) Select “Publish” when done. Editing is still possible by selecting “Edit”. “Unpublish” will take the request away from viewing by potential Assisting States.

(a) Publish to a select audience (i.e. specific states) or to all EMAC members.

(6) The three icons on the left of the resources requests are for “Edit”, “Publish”, and “Duplicate”.

(a) A request is duplicated when a large number of personnel are needed (i.e. law enforcement), and only a portion of the request has been filled by an Assisting State. The request can be duplicated and edited to request the remaining required resources and published.

(b) Requests can be duplicated when asking for similar items from multiple state, i.e. the same number of helicopter crews from multiple states simultaneously.
e) **Sending Resource Request Broadcast**

(1) There are two ways to send a Resource Request Broadcast.

(a) Through the “Manage Resources” grid by publishing a “Draft Request”.

(b) Select broadcast options as they appear in the pop up window options.

(2) Selecting the “Broadcast” Icon.

   (a) The icon is the middle icon on the left side of the grid.

   (b) Select broadcast options as they appear in the pop up window options.

f) **Making an Offer of Assistance**

(1) Login to [www.emacweb.org](http://www.emacweb.org) with user id and password. (Only ARs and DCs have permissions to navigate the request for assistance features.)

(2) Enter EMAC Operations System (EOS).

(3) Open desired event by clicking on the green arrow to the left of the event name.

(4) Select the desired mission from the “Manage Resources” on the left and choose the desired request by clicking the green arrow on the left.
(5) View resource request, download as PDF, or make an offer, as indicated by the tabs at the top of the screen. Use scroll bar up and down to view the request in its entirety.

(6) Receive approval from the AR to determine if the requesting state is able to provide the resource prior to making an offer. Once the approval to make an offer is made, click on the “Make Offer” button. Ensure the AR signs each section prior to uploading back into the EOS.

(7) Once the “Make Offer” form is open, navigation among all previous tabs is still available. A Mission Ready Package or Pre-Populated Section II of a REQ-A can be uploaded with the “Import MRP/REQ-A” tab. Some information will automatically populate from the initial request.

(8) If entering information using the online form, click “Add Record” to add new rows of data for the offer.

(9) Click “SAVE” on the online form as each tab is completed for the subtotals to populate on the main “Make Offer” tab. Before to click “SAVE” prior to navigating from each tab to ensure the information populates.

(10) If “CLOSE” is clicked, a prompt will appear to save data.
(11) The system will display the draft offer, with only the Assisting State able to view for accuracy. Additional edits can be made at this time.

(12) Select “publish” to make the offer visible to the Requesting State.

(13) The main grid will display “Offer Pending” on the Resource Request.

g) **Declining and Accepting Offers of Assistance**

(1) Actions are under “Manage Resources”.

(2) To view offers pending, click on the “Show Offers” icon to the left of the resource requests.

(3) The Resource Request will open and a list of pending offers will display on the left, with details on the offer displaying on the right pane of the screen.

(4) Click “Check for New Offers” to refresh the list of offers.

(5) Scroll bars can be used to view the offer in its entirety, and the offer can be downloaded as a PDF for saving, emailing, or reviewing.

(6) Multiple open offers will appear on separate tabs at the top of the pop up window.

(7) The green color coding compares the request to the offer, and the red color indicates a discrepancy.
(8) To accept an offer, the “Thumbs Up” icon is clicked, and to decline an offer, the “Thumbs Down” icon is clicked.
   
   (a) If declined, click the appropriate bubbles explaining why the offer is declined, add a verbal message in the text box, and click “Send”.
   
   (b) If accepted and there is a duplicate request in the system (this offer only fulfills part of the resource request), a pop up window will appear to prompt the user whether to keep the request open for additional resources to meet the need. Open offers for assistance will automatically apply to the duplicate when the original is accepted.
   
(9) The EOS will automatically open Section I of the REQ-A once an offer is accepted.

h) The REQ-A (Request for Assistance Form – all three sections)

(1) Section I – Requesting State:
   
   (a) Under “Manage Resources”, the “Status” column will show REQ-A status for the various resource requests in blue.
   
   (b) Open using the edit icon, and the preview pane will display for the resource. Use the tabs at the top to toggle among available options.
   
   (c) Click on “Assign Auth Rep” to assign the Authorized Representative (AR) from a drop-down menu, select the desired AR, and click “SAVE”.
   
   (d) The AR name will populate above the AR signature block.
   
   (e) Download the PDF, save in the appropriately labeled folder as directed by the Logistics Section Chief or External Resource Branch Director, and print for signature. The A-Team Team Leader (Type I or II) or designated individual (Type III or IV) takes the document to the AR for signature.
   
   (f) Once signed, Section I is scanned, saved to the appropriate folder, and uploaded to the EOS by clicking “Upload Signed”, and selecting the file to upload. Check by going back into the Section I tab and clicking on “View Signed”. Download and save the signed PDF to document the step in the event of EOS system failure.
   
   (g) The system will automatically shift to Section II of the REQ-A.

(2) Section II – Assisting State:
   
   (a) On “Manage Resources”, refresh the grid to update all statuses.
   
   (b) Open the desired resource request for Section II processing by clicking the green arrow to the left of the REQ-A Section II status.
   
   (c) Click on “Refresh Completed Sections”. All parts of the resource request can be reviewed by toggling among the Request, Offer, and REQ-A components.
   
   (d) Section II of the REQ-A is populated from data provided in the initial offer. Review the information to ensure there have been no updates or changes to the resource cost estimates. Make edits as appropriate.
(e) Download the PDF, save in the appropriately labeled folder as directed by the Logistics Section Chief or External Resource Branch Director, and print for signature. The A-Team Team Leader (Type I or II) or designated individual (Type III or IV) takes the document to the AR for signature.

(f) Once signed, Section II is scanned, saved to the appropriate folder, and uploaded to the EOS by clicking “Upload Signed”, and selecting the file to upload. Check by going back into the Section II tab and clicking on “View Signed”. Download and save the signed PDF to document the step in the event of EOS system failure.

(g) The system will automatically shift to Section III of the REQ-A.

(3) Section III – Requesting State (Constitutes a binding legal agreement upon signature)

(a) The Requesting State clicks on “View Signed”, and verify the document was signed.

(b) The system will automatically go to Section III.

(c) Click on “Assign Auth Rep” to assign the Authorized Representative (AR) from a drop-down menu, select the desired AR, and click “SAVE”.

(d) The AR name will populate above the AR signature block.

(e) Download the PDF, save in the appropriately labeled folder as directed by the Logistics Section Chief or External Resource Branch Director, and print for signature. The Logistics Section A-Team Team Leader (generally designated by the Mutual Aid Unit Branch Director) takes the document to the AR for signature.

(f) Once signed, Section III is scanned, saved to the appropriate folder, and uploaded to the EMAC Operations System (EOS) by clicking “Upload Signed”, and selecting the file to upload. Check by going back into the Section III tab and clicking on “View Signed”. Download and save the signed PDF to document the step in the event of EOS system failure.

(g) The system will automatically display the “Mission Authorization” icon to the left of the resource request.

(i) All original signatures must be saved, and given to the Contracts Section and Contracts will assign a state contract number and a Program Index for reimbursement & report state cost to the Finance/Admin Section.

(ii) In the event that the EMAC EOS is unavailable, a manual Mission Authorization form can be created in MS Word (modify template for EMAC).
(h) The “Mission Authorization” is required prior to deployment, and can be emailed to the deploying resources (personnel), Requesting State POC, Assisting State POC, and others who are tracking the request and will play a role in the deployment and reimbursement processes. Team members will receive a mission brief prior to Deploying and Redeploying on a mutual aid mission. (see EMAC manual for details and checklist)

(i) If the Mission is amended, the process is the same; however, the date range and other relevant information must be edited appropriately to print a new and accurate Mission Authorization.

```
   (1) Go to the top left link, “Situation Reports”, then click on the link “+ Add Situation Report”.
   (2) The Situation Report Wizard is a three-step process:
       (a) Step 1 is verifying contact information and entering situation updates.
```
(i) Contact information will automatically populate from the EMAC website user login – ensure correctness in role and home state.
(ii) Attachments can be added by clicking on the “browse” box.
(iii) Situation Report Content.
   (a) In the body of the page, enter the following information:
      (i) Current status/situation of the event.
      (ii) Current priorities.
      (iii) Conditions for deployed personnel.
      (iv) Immediate & anticipated needs.

(iv) When done, click “next” on the bottom right of the screen.

(b) Step 2 is selection of recipients.
   (i) Use the bubble options to select the desired audience.
   (ii) Select “next” on the bottom right of the screen.

(c) Step 3 is preview and finish.
   (i) All information entered on previous screens will auto-populate, as will mission information, such as costs and resources.
(ii) New and open resource requests will appear as well.

(iii) Select “finish”.

(d) The new Situation Report will appear as a new line in the Situation Reports grid.

j) Operations Support

(1) Both the Assisting and Requesting States have the Operations Support link on the left-hand column.

(2) Operations forms, such as the REQ-A and Reimbursement Forms (R-1/R-2) are available for download on the right side of the page, as are the EMAC Operations Manual and the A-Team Typing Structure.

(3) Other items available on this page are the video tutorials, EMAC Director and National Coordinating State (NCS) contact information, as well as an interactive map which provides EMAC contact information for each EMAC member state.
The process for requesting or providing resources for PNEMA are nearly identical to that of EMAC, with the following exceptions:

- No online system is used.
- Assistance can be requested at any time.
- Excel PNEMA Request for Assistance (REQ-A) is used to execute assistance agreement.

Section I: Completed by Requesting State/Province

- Authorized personnel (In state/province or out of state/province) completes Section I of the PNEMA REQ-A Form.

Section II: Completed by the Assisting State/Province

- Authorized personnel completes all parts of the PNEMA Form REQ-A Section II (including detailed cost estimate) with input provided by potentially deploying agency or jurisdiction.
- Section II of the PNEMA REQ-A is signed by a PNEMA authorized representative (AR) in the Assisting state/province.
- The Excel sheet does contain formulas for the cost estimate section. If a formula is lost within the form, a new form can be downloaded or a PNEMA Designated Contact can assist with corrections.
- Print areas can be adjusted under "view", Page Break Preview, by dragging the blue line to the end of the desired print area.

NOTE: Ensure insurance rules for government vehicles crossing borders are addressed, as well as additional mileage and any tolls or ferry costs.

Address the Canadian Two Tier overtime system and included in Personnel Calculations.

Section III: Completed by the Requesting State/Province

- After reviewing Section II and aligning the Section with the initial request (in Section I), the PNEMA AR of the requesting state/province signs Section III of the PNEMA REQ-A.
- A Mission Authorization Form is issued for all resources deploying under the resource request. The Mission Authorization Form should accompany all deploying personnel.
• Personnel deploying in support of a mutual aid mission receive a mission briefing prior to Deployment and Redeployment. (see PNEMA manual for details and checklist)

☐ Amendments:
  • When either party (Requesting state/province or Assisting state/province) determines the REQ-A requires amendment, all Sections must be updated and completed.
    ▪ Please follow all instructions given in each section (above).
    ▪ The amendment number - amendments must be recorded with a sequential number. Example: Amendment Number: 1, 2, 3, 4, etc.

The current PNEMA Operations Manual can be found at: S:\Logistics Section\Mutual Aid\International Mutual Aid\PNEMA\PNEMA 2015 & 16
Decision Package

- The decision packages listed below are the primary responsibility of the SEOC Operations section and Logistics performs a supporting role.
- When SEOC command and general staff provide senior managers with the choices and documentation on an issue that requires an executive decision.

Purpose of a Decision Package

- Decision Packages are generally implemented for a large scale or catastrophic event where additional resources are required to respond to, or recover from an event.

Types of Decision Packages Logistics maintains

- Movement Coordination
- State Staging Areas (SSA)
- Reception and Integration (R&I) Center
- Commercial Vehicle Pass (CVP) System

Note: If a CVP decision package is executed, a Movement Coordination package must be completed as Movement Check Points will be required. Decision Packages are located on the SEOC share drive:

S:\Logistics Section\Forms~Publications\Decision Packages

Decision Packages Activation Triggers

- Movement Coordination:
  - Resource support is triggered when ESFs and/or state, Tribal and local governments have exhausted their supplies and capacity to provide services, personnel and commodities during the response and recovery phases of an emergency or disaster.
  - Support requirements for commodity distribution requires movement control for the efficient delivery of requested resources to distribution points and/or staging areas, damage to transportation infrastructure, and/or commodities may be jeopardized by current operational assessment within the area.

- State Staging Areas:
• Pending arrival of FEMA disaster push packages and/or disaster resources ordered by the state and/or local jurisdictions, establishment of state staging area(s) may be necessary.

• Reception and Integration (R&I) Center:
  o A Reception and Integration center is needed when Mutual Aid resources have been requested in sufficient quantities (examples below) that would necessitate reception of resources offsite from the SEOC. The R&I location should be in close proximity to where the resources enter the state; i.e. near SEATAC airport.
    ▪ The need to process thirty-five or more incoming requested responders each day for an extended period, or
    ▪ The need to in-process and demobilize an estimated 500+ requested responders over an anticipated two-week timeframe because of mutual aid requests, though EMAC and/or PNEMA

*Note: Operating a R&I Center will require trained and qualified EMAC A-Team personnel.*

• Commercial Vehicle Pass System (CVP):
  o The state will activate the system when major freight highways are closed or severely restricted, and a limited-capacity detour is available nearby. Passes will be issued based on the highway detour’s capacity and the priority of goods carried, as determined by the State Emergency Operation Center during an emergency. Detour Passes will not be issued until the Washington State Department of Transportation has determined the detour route to be safe, potentially on the second or third day after the highway closure. Passes are categorized in three priorities; Category A, B, or C. More information can be found at: [http://www.wsdot.wa.gov/commercialvehicle/detourpass.htm](http://www.wsdot.wa.gov/commercialvehicle/detourpass.htm).

*This decision package is conducted in conjunction with the Movement Coordination Decision Package as Movement Check Points will need activated.*

☐ Requirements, approval process, and distribution:
  • The following supporting documentation will be provided to the Policy Group for reference:
    o Map(s) depicting operational area location(s)
    o Known public health risks – HAZMAT, etc.
    o Governor’s Proclamation, original or revised.
    o Confirmation showing estimated time of arrival for requested resources.
    o Weather reports
    o Support requirements (wrap-around-services; lighting, fuel, etc.)
    o Cost estimates (use embedded excel spreadsheet)
      ▪ Personnel (salary to include benefits)
      ▪ Facilities
Logistics

- Lodging (if necessary for staff)
- Equipment (bought or rented)
- Supplies
- Transportation

- Begin coordination with internal and external agencies, ESFs, and jurisdictions in accordance with the procedures listed within each Decision Package.
- Document activities in WebEOC Mission Tracker.
- The Operations Section Chief (OSC) signs the form prior to submission.
- The OSC obtains coordination initials required as listed on each decision package.
- The OSC obtains the SEOC supervisors initials as part of the approval routing prior to the Disaster Manager signing.
  o The Governor/Designee can also be the Disaster Manager.
- Depending on overall cost, spending authority guidelines may dictate higher signature authority.
- Post approved Decision Package in WebEOC under Significant Events.
Title: T. Salamander Software

Effective Date: 6/21/2017  
Prepared by: Woodward, Mark  
Date: 6/15/2017

Revision No.: 1.0  
Approved by: Douglas, Mark  
Date: 6/21/2017

Purpose: Instructions for using Salamander Live Software

Users: Logistics section and the Operation’s Reception & Staging Unit personnel

References: Salamander User Guide and Resource Guide

Click HERE for return to the Procedure and Job Aid List

☐ After logging into the SEOC computer, open a browser, and:

• Go to http://salamanderlive.com
• Click “LOGIN” in the upper right corner.

☐ Enter Username and Password:

• Username: WashingtonsEMD
• Password is located on the LOG Chiefs Workstation in the SEOC.

☐ Login to SalamanderLive:

• You will be presented with the User dashboard which has two tabs: “TAG” and “TRACK”.
• The “TAG” board provides you access to the following:
  o Personnel Lists
  o Equipment Lists
  o Organizations Lists

• Here the User can create and manage personnel, equipment and organization databases.
  o Any “Expiring” items will be displayed below the list headers.

• Along the left side of the dashboard is the Recent activity list.

• Quick links to other Salamander resources are located at the bottom of the dashboard.

☐ The first step is to ensure that the Organization exists within the database, click on the “Organization List” button.

• Use the navigation button to select “Organization” from the drop down.
• If an organization is not listed, you can add one by clicking the “+” add button.

• The organization form will open showing five tabs:
  o Organization
  o Address
  o Phone
  o Note
  o Signature
• Fill out the information according to the instructions on the screen.

  Note – When editing or creating a new record three icons will appear: back arrow, save and trash can. Remember to save periodically throughout the process.

☐ Next you can manage/add Personnel, click on the “Personnel List” button.

• Use the navigation button to select “Responder” from the drop down.

• If an individual is not listed, you can add anyone by clicking the “+” add button. The personnel form will open with the following tabs:
- Fill out the information according to the instructions on the screen.
  Note – When editing or creating a new record three icons will appear: back arrow, save and trash can. Remember to save periodically throughout the process.

☐ The Equipment List is accessed in the same manner as the other two tabs, but is not currently used by the SEOC.

☐ Printing can be performed from any of the three tabs: Personnel List, Equipment List, and Assignments. To Print:
  - Check the box of the record/records to be printed.
  - Click the “Print” button.
• If the latest print controller is not installed on the system you will receive the following:

  o Follow the instructions to install the driver (may require Admin privileges).

• Select the type of card to be printed, there are currently four options:
  o DataCard encoding People/Equipment/Assignment.
  o Fargo encoding People/Equipment/Assignment.
  o People/Equipment/Assignment.
  o SmartCard People/Equipment/Assignment.

• Select the printer to use.
• Select the card design template to use.
• Enter the number of copies necessary.
• Select/set the expiration date for the cards.
• Click “Print”.

---

![Print dialog](image4.png)
Purpose: Provide steps for entering resource requests in WebEOC

Responsibilities: Operations has the lead on entering resource requests, but Logistics backs up Operations and occasionally is assigned to provide resource request support when vendor inquiries and coordination is required.

References: NA

**IMPORTANT**

*If the “Worked By” column on the Resource Tracker says “City” or “County”, TAKE NO ACTION*

Modifying resource requests being worked locally may lock the local jurisdiction out of their own request process. If in doubt, please ask the Logistics Section Chief for SEOC Supervisor.

- Open Resource Tracker on the main board: Resource Tracker

- Click on “Create New Request”
If a request originates from a state agency, no local jurisdiction tracking number is required. Costs incurred as a result from a state agency request cannot be billed to a local jurisdiction. Only costs incurred as a result of a local request can be billed to the local jurisdiction.

- Blue fields are required. Provide as much detail as possible, addressing desired CAPABILITY rather than specific equipment.

- Select an option for each of the bubble line items.

  - Have all local resources been exhausted or predicted to be exhausted in the near future?
  
  - Has mutual aid been exhausted or predicted to be exhausted in the near future?
  
  - Have all commercial resources been exhausted or predicted to be exhausted in the near future?
  
  - Is the originating jurisdiction/agency willing to pay for the assistance?

- A “No” response does not necessarily mean assistance will not be provided.
- A “No” response means a policy level decision will be required.
- A requesting jurisdiction or Tribe must be prepared to accept the financial burden.

- Click “Save” to return to the tracker.
**The request appears on the Resource Tracker display**

<table>
<thead>
<tr>
<th>Originating Agency</th>
<th>Originating Agency</th>

</tbody>
</table>

**The Resource is assigned by clicking “Assign” then “Create New Assignment”**

- **Save/Return** button to return to the “Resource Tracker” screen

**Staff completes the assignment fields, updates status to “Assigned”, and clicks “Save” to return to the “Assign Resource” screen**

**Virtual Tour of the Resource Request Process-State**

- The State updates the “Overall Status” and “Priority” are updated by clicking “Edit”

- Drop down menus are used to select the priority and the overall status

- Each time there is an edit to the resource request, the overall status is revised

- The Requestor tracking number is populated from the original local jurisdiction request
• Click “Update” to document appropriate actions to address this resource request.

• Click “Add Actions” to record all activities regarding this resource request including, but not limited to:
  - Names
  - Phone numbers
  - Email addresses
  - Specific actions
  - Attachments

• Click “Save/Return” to return to main screen.

• Once the request has been met and the resource returned to its home duty station, the State updates the status to “completed” by first clicking on “Edit”.

• The “Overall Status” is changed to “Completed”.

• “Save” is clicked to return to the main Resource Tracker board.
Purpose: Making daily entries in the WebEOC Activity Log for Logistics

Responsibilities: All

References: NA

- The Boards can be accessed by using the drop-down menu on the upper left of the WebEOC screen.

The star indicates a board which has updated information.

The lightning bolt indicates a board shared or in use by another agency or jurisdiction.
As each board is opened, a tab is created at the top of the screen for quick return.

Open the WA-EOC Activity Log,

Click on “Add Record” to enter a new log item.

Enter a 2-3-word subject in the subject line.

Enter a detailed description in the description box & attach files as needed or appropriate.

Enter a description of the attachment in the “Description Box”.

Click on “SAVE” to add to the running log.
Purpose: Sustainments and Improvements in incident response

Responsibilities: All – enter items as the thoughts occur to ensure a complete and comprehensive After Action from which to base the Improvement Plan and Corrective Action Plan

References: NA

- Open the WA-EOC After Action, Board 09.
- Click on “Add Record”.

Fill in the yellow fields with:
- Observation title
- Strength/Improvement
- POETE Element
- Observation details
- Recommended corrective actions.

Enter After-Action comments as the thoughts arise to ensure ideas are documented.

Capture positive areas for sustainment as well as areas for improvement.
Purpose: Ensure accuracy in personnel hours tracking and accurate meal planning.

Responsibilities: All staff are to ensure personal hours in WebEOC are accurate.

References: NA

- Click on WA-EOC Staffing and Seating Charts, Board 05.

- If the first time signing in for the incident, click on “Initial Sign In”.

- If signed in previously, locate the appropriate name, and click on “Check In” on the right side of the screen.

To edit an existing entry, locate the desired name entry line and left click anywhere in the line to bring up the individual seating chart history.

- Complete the blanks as indicated.
- Only enter off site information if not on the SEOC floor.
Go to the date/time range line in need of adjustment and click “Edit”.

- Click on the calendar icon for “Time In” or “Time Out”.
- Adjust the hour, minute, or second as needed.
- Click on the date number to activate the changes.
- Click on “Update”.
- Changes will save automatically.
Y. Forms
On the following pages are examples of the forms commonly used by the Logistics Section during exercises and activations.

*The example forms provided in this section are available electronically on the “S” Drive:*

INDIVIDUAL LOG June 2000

Electronic version: NOAA 1.0 June 1, 2000
Meals – Light Refreshments Approval

State Of Washington
Military Department

Approval for Coffee and Light Refreshments or Meals with Meetings (SAAM 70.10 & 70.15)
Pursuant to Washington Military Department Refreshments and Meals Policy

The Military Department may reimburse employees for the cost of coffee and light refreshments or meals with meetings (meals with meetings also include conferences, conventions, training sessions, workshops and seminars) when the activity is held away from the regular work place, without regard to travel hours, provided that:

- The purpose of the activity is to conduct state business or to provide formal training to state employees; Not for anniversaries or hosting activities (i.e. new employee, lobbying)
- The refreshments or meals are an integral part of the activity, such as luncheon or dinner speakers, panel or industry discussions or working group assignments;
- The reimbursement requested does not exceed the maximum meal allowance for that location; and
- The appropriate division director has granted advance written approval

Anticipated Number of Attendees and What Group(s):  
Estimated Cost:  
Date of Meeting:  
City:  
Meeting Room Address and Per Diem Rate for Meal (if applicable):  
Purpose of Meeting:  
Charge Cost to Master Index:  

*This must be a Barrier-Free facility. (if unable to locate a barrier-free facility, please call the Accounts Payable Lead at (253) 512-8425).

Instructions:
The following must be completed and attached before submitting for approval and submission to Accounts Payable for reimbursement or payment:

- This form completed and approved prior to the meeting
- Attach an agenda
- Names of the persons and/or organization that are expected to attend (must have list of attendees for reimbursement)

WMD Form 1008-18 (WMD Policy No. FIN-109-13)
• Attach all original receipts and/or bills for this function (must have estimated cost prior to receiving approval)
• Justification for not using a state-owned or other public owned facility, if applicable
• Attach completed and signed A19-2A for reimbursement

Purchase Card Authorization – Custodian

As Approving Manager, I __________________________ delegate authority to manage the use of the Purchase Card Account No. __________ to the Card Custodian: __________________________

As the Card Custodian, I agree to the following statements and will contact the Agency Program Administrator if I am unclear as to the policies and procedures for use of the card. I agree to adhere to Financial Services Policy FIN-105-02. I agree to have all purchases reconciled monthly with the Department Card Log by the designated Card User and to submit all original receipts to the WMD Accounts Payable Department along with a signed copy of the Department Card Log. I agree to have all purchases reconciled monthly with the bank on-line system transaction log by the Card User and to ensure that the Card User submits all original receipts to the WMD Accounts Payable Department. Additionally, the card will not be used for the following:

1. Cash Advances.
2. Items purchased for personal use.
3. Materials or services purchased from any member of the Designated Card User’s or Cardholder’s family.
4. Purchases of equipment, materials or supplies restricted by policies, guidelines, or contractual agreements, i.e. Purchasing office supplies from a commercial vendor that are available from the contracted vendor.
5. Purchase of air fare.
6. Gifts or donations.
7. Purchases in excess of limits authorized for the card.
8. Splitting purchases to circumvent the daily or monthly purchase limits on a card, or to avoid competitive bidding limits or purchase authority limits.
9. Prepayments for goods and services.
10. Purchase of alcoholic beverages or tobacco products.
11. Purchases from any merchant for goods or services considered an inappropriate use of state funds.
12. Using the card for employee training without written approval from the Human Resources Department.

I understand that violations of this agreement, or agency established policies and procedures governing the use of this card may result in cancellation of division purchasing card privileges and may result in corrective or disciplinary action.

Signature (card custodian) __________________________ Date: ____________

WMD Form 1003-10
(Financial Services Policy FIN-105-02 Attachment C)
I hereby acknowledge receipt of the State Purchase Card Account No. ________
I agree to adhere to Financial Services Policy FIN-105-02.

As the Designated Card User, I agree to the following statements and will contact the Agency Program Administrator if I am unclear as to the policies and procedures for use of the card. I agree to have all purchases reconciled monthly with the Department Card Log. I agree to maintain security of the purchase card at all times. Additionally, the card will not be used for the following:

1. Cash Advances.
2. Items purchased for personal use.
3. Materials or services purchased from any member of the Designated Card User’s or Cardholder’s family.
4. Purchases of equipment, materials or supplies restricted by policies, guidelines, or contractual agreements, i.e. purchasing office supplies from a commercial vendor that are available from the contracted vendor.
5. Purchase of air fare.
6. Gifts or donations.
7. Purchases in excess of limits authorized for the card.
8. Splitting purchases to circumvent the daily or monthly purchase limits on a card, or to avoid competitive bidding limits or purchase authority limits.
9. Prepayments for goods and services.
10. Purchase of alcoholic beverages or tobacco products.
11. Purchases from any merchant for goods or services considered an inappropriate use of state funds.
12. Using the card for employee training without written approval from the Human Resources Department.

I understand that violations of this agreement, or agency established policies and procedures governing the use of this card may result in cancellation of division purchasing card privileges and may result in corrective or disciplinary action.

WMD Form 1011-13
Approval for High Cost Lodging (SAAM 10.30.20)

Pursuant to Washington Military Department Travel Procedures #11.c.

The employee attends an approved meeting, conference, convention or training session where the traveler is expected to have business interaction with other participants in addition to scheduled events, and maximum benefit will be achieved by authorizing the employee to stay at the lodging facility where the meeting, conference, convention or training session is held.

Affordable lodging accommodations are simply not available within a reasonable commuting distance to the employee's assigned temporary duty station. (This option requires two price quotes from other hotels.)

Hotel Name: [ ] Hotel Name: [ ]

Quoted Rate: [ ] Quoted Rate: [ ]

Costs in the area have escalated for a brief period of time either during special events or disasters.

Traveler is assigned to accompany an elected official, a foreign dignitary, or others as authorized by law, and is required to say in the same lodging facility.

To comply with provisions of the Americans with Disabilities Act, or when the health and safety of the traveler is at risk.

When meeting room facilities are necessary and it is more economical for the traveler to acquire special lodging accommodations rather than acquire both a meeting room and a room for lodging.

Purpose Of Trip:

# Request for Assistance – Federal

![Resource Request Form](image-url)
RESOURCE REQUEST FORM (RRF)

INSTRUCTIONS

Items on the Resource Request form that are not specifically listed are self-explanatory. Indicate “see attached” in any field for which additional space or more information is required.

I. Who is requesting assistance? Completed by requestor.

II. What needs to be done? Completed by requestor.

Description of Requested Assistance: Detail of resource shortfalls, statement of deliverable, or simply state problem/need.

Priority: The requestor’s priority, which may differ from the priority in BOX III.

Site POC: The person at the delivery site coordinating reception and utilization of the requested resources. 24-hour contact information required.

If for Direct Federal Assistance (DFA), State Approving Official: Signature certifies that:

1. State and local governments cannot perform, nor contract for the performance of the requested work;
2. Work is required as a result of the event, not a pre-existing condition; and
3. The State is providing the required assurances found in 44 CFR, Section 206.208.

III. Action Review/Coordination (OPS Section Use Only): Completed by the Operations Section Chief or Resource Capability Branch Director.

Accept/Reject: Operations Section Chief or Resource Capability Branch Director accepts or rejects the request; provide reason if rejection. If request accepted, coordinates with others, i.e., Branch Directors or Group Supervisors, begins to determine best means of fulfilling request. All involved in coordination should check appropriate box and initial or print their name.

Assigned to: Operations Section Chief or Resource Capability Branch Director assigns tasks originatation, may indicate the OFA Action Officer. Operations Section Chief may also indicate the Action Officer if known, or tasked organization may make this assignment. This may be Emergency Support Function, internal FEMA Organization (i.e., Logistics), or other organization.

Date/Time Assigned: Operations Section Chief or Resource Capability Branch Director provides date and time of when sourcing should begin.

IV. Statement of Work (OPS Section Use Only): Completed by the Operations Section Chief or Resource Capability Branch Director.

OFA Action Officer: Ops Section Chief obtains from OFA if request fulfilled by a MA; 24-hr phone/fax required. Information used in eCAPS.

FEMA Project Manager: Provided by Operations Section Chief; a Region PFT, 24-hr phone/fax required. Information used in eCAPS.

Statement of Work: Description of tasks to be performed. Could be to assess a problem and report back, or could be to proceed with a specific action. If 40-1 or MA, this goes in “justification” tab in eCAPS.

Action Taken (OPS Section Use Only): Completed by Operations Section Chief, Resource Capability Branch Director, MA Unit or Logistics.

Resource Request Results: Ops Section Chief, Resource Support Section Chief, MA Unit, or LOG should note what type of document the action resulted in by “checking” the appropriate box i.e., Mutual Aid, Donations, Requisition, Procurement, IA, MA, Other. If “Other” is selected write in appropriate response or state “see below” and give detail description in “Disposition” field. “Disposition” field should note steps taken to complete the Action, and personnel, sub-tasked agencies, contracts and other resources utilized.

TRACKING INFORMATION: Completed by Action Tracker. Required for all requests.

Start Date: Upon Signature
End Date: October 31, 2020

1. INTRODUCTION:

This Intergovernmental Agreement (Agreement), pursuant to Ch. 38.10 RCW (Emergency Management Assistance Compact (EMAC)), ch. 39.34 RCW (Interlocal Cooperation Act), ch. 38.52 RCW (Emergency Management Act), and the Pacific Northwest Emergency Management Arrangement (PNEMA), is made and entered into by and between the Washington State Military Department through its Emergency Management Division (EMD), and the local jurisdiction within the State of Washington identified above, hereinafter referred to as “Jurisdiction”. EMD, through these authorities, coordinates interstate mutual aid according to the model presented in the National Strategy for Homeland Security. EMAC, Chapter 38.10 RCW, and Public Law 104-321, authorize and direct the deployment of certain necessary mutual aid between the EMAC participants, who are currently all fifty states, Puerto Rico, Guam, the U.S. Virgin Islands, and the District of Columbia. PNEMA and Public Law 105-381 authorize and direct the deployment of certain necessary mutual aid between the PNEMA participants, who are currently the States of Alaska, Idaho, Oregon, and Washington, the Canadian Province of British Columbia, and the Yukon Territory. This Agreement provides for the use of authorized resources (including employees and equipment) of the Jurisdiction in responding to requests for EMAC or PNEMA assistance from a participating party in which EMD has identified authorized resources of the Jurisdiction that are qualified and immediately available to deploy and perform the requested EMAC or PNEMA assistance in a requesting participating party.

2. SCOPE:

Pursuant to this Agreement, the authorized resources of the Jurisdiction will be deployed to provide EMAC or PNEMA assistance. When the deployed authorized resources of the Jurisdiction are employees of the Jurisdiction, those Jurisdiction employees will be treated as state employees for purposes of EMAC or PNEMA deployment only and will be entitled to the rights and benefits under EMAC or PNEMA available to state officers and employees, but not for any other purpose. The Jurisdiction will be reimbursed for authorized costs incurred as a result of authorized resource deployment as provided in this Agreement.

3. Authorization and Deployment of Resources
   a. This Agreement is not an authorization to deploy. EMAC and PNEMA deployment of the Jurisdiction’s resources under this Agreement shall only be authorized as provided in a completed amendment to this Agreement in the form of “Attachment A” that has been mutually executed by the parties. The Jurisdiction shall not deploy any resources under this
b. Amendment to IGA

2. **DEPLOYMENT PROGRAM INDEXES/CHARGE CODES:**

3. **DETAILED DESCRIPTION OF AUTHORIZED RESOURCES AND COST ESTIMATES, WITH ESTIMATED BUDGET SUMMARY and Total Maximum Resource Cost Authorized:**

The following are the authorized resources (equipment and/or personnel) the Jurisdiction may deploy for Mission No. XXX, [name of event] in [state/location of event], and corresponding total maximum resource cost amounts (based on estimates) that may be reimbursed under this Agreement. In completing this form, all estimates for fire resources (personnel and equipment of a Fire District or Fire Department) will be calculated based upon the State Fire Chiefs Rate Schedule in effect at that time, and the personnel benefit hourly rate used below for fire resources is to be 25% of the personnel regular salary hourly rate.
2. Request for Assistance – Mutual Aid
   
a) **EMAC – Emergency Management Assistance Compact**
   Request for Assistance (REQ-A) forms are completed online on the EOS (EMAC Operations System). The following forms are for the reimbursement process.

   All actions related to any Requests for Assistance, including Mutual Aid, are to be recorded under “Add Actions” under the appropriate resource request in the “Resource Tracker” on WebEOC.

Manual Mission Assignment Form

[Date]

Jurisdiction

Subject: [EMAC or PNREMA] Mission Number [enter state mission number], WMD IGA Number and Amendment Number, [enter contract number(s)], if applicable.

Dear [Signatory’s Title and Name]:

This document serves as acknowledgement of the execution of the Request for Assistance (REQ-A) [Corresponding REQ-A Tracking number] and authorizes the resources as cited in Section II of the Request for Assistance (REQ-A) form to deploy no earlier than [Date] at [Time].

The [Resource] is assigned to [Receiving State duty location]. Upon arrival to [destination name & address], [Resource] check in with [Name & contact information of receiving state point of contact]. The [Resource] must check in with the State Logistics Section [http://www.emd.wa.gov/logistics/logistics_index.shtml] upon leaving home station, arriving at the deployment site, daily by 1600 hrs PST, upon leaving the deployment site at the completion of assignment, and upon arriving back at the home station.

Complete all Washington State required documentation as indicated on the Mobilization Checklist in addition to any documentation requested by [Receiving State] and maintain all itemized receipts for expenses incurred.

If you have any further questions, please do not hesitate to contact the State Logistics Program Manager at 253.255.1915.

Sincerely,

[NAME]
State EOC Supervisor
